

Conditions of Sale

Please read the following carefully before you purchase our birds. By purchasing our birds you are agreeing to our Conditions of Sale.

- Because chickens are sociable birds, we will not for welfare reasons sell less than two birds to a customer, unless you already have other poultry as companions for the bird you are buying.
- We will never knowingly sell a sick or injured bird. All of our birds have undergone a thorough vaccination programme; we can therefore confidently guarantee our birds for 4 weeks from the date of sale for the diseases listed. We will offer replacement on evidence of a post-mortem or blood test from a registered Veterinary Surgeon confirming any of the diseases listed. We will not accept responsibility for extra or expenses incurred. We cannot accept responsibility for the loss or illness of birds caused by viruses transmitted by wild birds or your existing or previous flock (ie diseases that will remain in the soil long after a previous flock has left your site). We cannot accept responsibility for loss or illness caused by poor flock management. If you have any doubts about flock management please do not hesitate to contact us; we are more than happy to offer advice.
- We pride ourselves on keeping a clean and healthy flock. For this reason we cannot accept returns under any circumstances.
- Birds can be reserved upon receipt of advance payment.
- When you collect your birds please bring a suitable carrying case with plenty of ventilation (a good, strong cardboard box will do).
- Payment in full is required on collection.
